

Reference No: EUB/PCU/AA/2024-05

Date: 12 December 2024

Announcement

Since its inception in 2012, EUB has produced about 20,000 graduates, who are making remarkable contributions across various sectors, including Government, Private, NGOs, Multinationals, and Development Sectors. EUB offers a diverse range of programs across its faculties of Arts, Business, and Engineering.

Graduates from the Faculty of Engineering have played a significant role in the construction of iconic national projects such as the Padma Bridge and the Metro Rail. Similarly, alumni from the Faculty of Arts are making strides in creative industries and cultural initiatives. Meanwhile, the Faculty of Business has nurtured professionals excelling in corporate leadership, entrepreneurship, and global commerce.

Many of EUB's graduates are contributing to renowned global organizations, including Google and Amazon, while others are pursuing higher studies at prestigious institutions worldwide. Whether at home or abroad, EUB graduates are making a lasting impact in their respective fields.

In view of the above, EUB Management has decided to **collect successful EUB Alumni Graduates Profile with Photograph for the promotion of the University. We are looking for the profiles of studying abroad and doing business /jobs with track record of success.**

You are requested to submit your Resume with photograph (jpg) in the provided link on or before 31 January 2025.
