Dear honorable Chairman BoT EUB + Dr KNA Siddique

Good afternoon.

I am attaching the 6th Kibo Robot Programming Challenge (KRPC) poster for circulation among the students of EUB.

I am requesting your good office to go for printing (18"x 24"), make an arrangement to fix it on all corners of EUB, and send it to other partner educational institutions for mass circulation. It is one of the activities to internationalize EUB through students' global participation towards QS and other ranking processes.

Waiting for a sharp response.

Best regards.

Prof Dr. Md Jahangir Alam CE CUET (Former VC CUET, Former VC RUET, and Former VC USTC)

Dear Sir

Received and thank you so much.

with regards

Kazy N A Siddiquee
